Advanced plaque removal made simple

The switch from a manual toothbrush made easy

Philips Sonicare Xtreme is the battery-powered sonic toothbrush that is clinically proven to deliver superior plaque removal versus a manual toothbrush

Proven to improve oral health

- Clinically proven safe and gentle

Provides a superior clean

- Soft bristles
- Patented Sonicare toothbrush technology

Guides you to follow dental recommendations

- Smartimer

Highlights

Safe and gentle

Philips Sonicare is a gentle electric toothbrush for braces (brush heads wear out sooner when used on braces), and is safe for dental restorations (fillings, crowns, veneers) and periodontal pockets, too.

Smartimer

Two-minute timer helps ensure dental professional recommended brushing time.

Soft bristles

Philips Sonicare e-Series brush heads have extra gentle bristles to ensure deep yet gentle cleaning.

Sonic technology

Drives fluid between the teeth and along the gumline for a powerful yet gentle clean.
