Highlights

1.8 m cord

1.8 m power cord

200°C professional temperature

This high temperature enables you change the shape of your hair, and gives you that perfect look like you've just come from the salon.

Ceramic coating

The smooth ceramic coated plates prevent damage to your hair during styling.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

Instant heat up

The straightener has a fast heat up time, being ready to use in 60 seconds

Universal voltage

Worldwide voltage for getting the perfect travel companion

2 years guarantee

Philips offers a full 2 years guarantee for this product to ensure you have long lifetime product to use every day.

Heat resistant pouch

This Heat Resistant pouch is perfect for styling on the go. Forget waiting for your styler to cool down. Simply store using the heat resistant pouch included.

Mini dimensions

With a length of 19cm, the straightener is 30% smaller, lighter and more compact than a standard straightener*, making it easy to carry around, wherever you go. *vs. HP8319

Multi location use

The straightener is small, light and compact and can be carried around for quick touch ups before a meeting, before going out or while traveling.

Handle closing lock

The straightener has a closing lock mechanism. Located at the base of the straightener, this locks plates, making storage quick and easy and helping to protect the straightener from accidental damage.
