- Adds volume, maximizes thickness, curls and bouncy styles
- Slim nozzle for touch-ups and detailed styling

Care and protect

- ThermoProtect attachment

Powerful drying

- 1600W of drying power
- Cool air setting to finish your style

Highlights

1600W of drying power

This 1600W hair dryer creates the optimum level of airflow, for beautiful results every day.

ThermoProtect attachment

The uniquely-designed ThermoProtect attachment powerfully mixes warm and cool air for everyday care. It drops the temperature by 10°C while still drying your hair quickly.

3 heat and speed settings

This hairdryer offers 3 preselected heat/speed combinations, making it quick and easy to achieve the perfect style.

Cool air setting

The cool air setting provides a burst of cold air to finish and hold your style.

14 mm styling nozzle

The slim nozzle precisely focuses the air, for quick touch-ups and perfecting small details of your style.

Volume diffuser

The volume diffuser spreads the flow of air across the hair, boosting volume and reducing frizz while drying. For best results, hold the diffuser close to the crown and root area. The diffuser's fine textured pins will add volume, maximize thickness, bounce and help shape curls.
