Superior closeness*, personalized skin comfort For superior closeness, even on a 5-day beard

Discover the world's most intelligent shaver powered by AI, Philips Shaver Series 9000. Cuts at skin level with Lift & Cut shaving system, while SkinIQ technology gives real time pressure feedback to protect your skin.

A closer shave

- Cuts hair in every direction with 360-degree rotating blades
- Skin-level closeness with Lift & Cut shaving system

SkinIQ technology

- Always the optimal pressure with the Pressure Guard Sensor
- Adapts to your contours with 360-D Flexing Heads
- 30% smoother** gliding with Protective SkinGlide Coating
- Adjusts to your beard density with Power Adapt Sensor

For a convenient shave

- Enhance your shaving experience with Philips Shaving App
- 60 minutes of cordless shaving once fully charged
- Effortless charging with convenient stand available at hand
- Precision trimmer integrated in the handle
- Deep cleaning in just 1 minute for hygienic shaving

Premium experience

Highlights

Lift & Cut System

Our patented, unique Lift & Cut rotary technology lifts the hair gently out of its root before cutting it precisely at skin level close (up to 0.00 mm to the skin) without the blades even touching your skin.

Dual SteelPrecision blades

Philips rotary shavers are specifically designed to match your natural hair growth, capturing all the hairs growing in any direction, thanks to 360-degree rotating blades. With up to 150,000 cutting actions per minute, the Dual SteelPrecision blades cut more hair per stroke**.

Pressure Guard sensor

Using the right pressure is key for closeness and skin protection. Advanced sensors in the shaver read the pressure you apply, and the innovative light signal shows when you are pressing too hard or too little. For a personalized shave that is just right for you.

360-D Flexing heads

Designed to follow the contours of your face and even the neck, this Philips electric shaver has fully flexible heads that turn 360° for a thorough and comfortable shave.

Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10x more effective than cleaning with water****. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 250.00 micro-tech beads per square centimeter, the coating improves gliding by 30%** , to minimize irritation.

Power Adapt sensor

The electric shaver has intelligent facial-hair sensing technology that reads hair density 500 times per second. The Power Adapt Sensor auto-adapts the cutting power for an effortless and gentle shave.

Personalization via app

Perfect your shave by pairing your shaver with the Philips Shaving App****. Shave by shave, track the progress of your skin, personalize your shave and master your technique for a shave that's as close as it is kind to skin.

One-Touch open

Clean the shaver with ease. At the touch of a button, flip open the shaver head and rinse with water.

Specifications

Accessories

Pouch: Travel case
Integrated pop-up trimmer

Power

Run time: 60 minutes
Charging: 1 hour full charge, 5 min quick charge
