# Highlights

## 1.8 m cord

1.8 m power cord

## 200°C professional temperature

This high temperature enables you to change the shape of your hair, and gives you that perfect look like you've just come from the salon.

## Ceramic coating

The smooth ceramic coated plates prevent damage to your hair during styling.

## Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

## Instant heat up

The straightener has a fast heat up time, being ready to use in 60 seconds

## Universal voltage

Worldwide voltage for getting the perfect travel companion

## 2 years guarantee

Philips offers a full 2 years guarantee for this product to ensure you have long lifetime product to use every day.

## Heat resistant pouch

This Heat Resistant pouch is perfect for styling on the go. Forget waiting for your styler to cool down. Simply store using the heat resistant pouch included.

## Mini dimensions

With a length of 19cm, the straightener is 30% smaller, lighter and more compact than a standard straightener\*, making it easy to carry around, wherever you go. \*vs. HP8319

## Multi location use

The straightener is small, light and compact and can be carried around for quick touch ups before a meeting, before going out or while traveling.

## Handle closing lock

The straightener has a closing lock mechanism. Located at the base of the straightener, this locks plates, making storage quick and easy and helping to protect the straightener from accidental damage.
