- 2.5m cord

Beautifully styled hair

- Volume diffuser enhances volume, for curls and bouncy styles
- Ultra narrow concentrator for precise styling
- Cool Shot sets your style

Less Hair Damage

- Ceramic element to smooth your hair

PHILIPS

Highlights

Ceramic element

The ceramic element is included to prevent overdrying. It issues infrared heat, which has a gentle warmth which helps dries your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Ultra narrow concentrator 15mm

The concentrator works by directing the flow of air through the ultra narrow opening on to specific areas. This results in very precise styling and is great for touch ups or to finish a style.

Volume diffuser

Volume diffuser enhances volume, for curls and bouncy styles

2.5m cord

The longer length results in improved flexibility and ease of handling, so you can use it anywhere you want.

Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.
