- Strong lithium-ion battery for optimal power use
- Use corded and cordless

Beardtrimmer 7300

Vacuum beard/stubble trimmer Series 7000

QT4070/41

Highlights

18 secured length settings

Select and locks your desired length within a versatile range of possible lengths.

Multifunctional display

Multifunctional display shows easily the length setting

Integrated vacuum system

The integrated vacuum mechanism absorbs cut-off hairs during use and gives you a cleaner washbasin after use.

Contour following comb

Flexing guide comb that follows every curve of your face for getting an even trim in an easy and comfortable way.

Powerful Lithium-Ion battery

This product has a powerful lithium-ion battery with quick charge so you can charge the product in only 1 hour for 75 minutes use.

Stubble comb

The stubble comb has been designed for giving more sight while you are trimming as there are no frontal teeth. Moreover, by applying the tip of the trimmer fine contours are possible, by applying the trimmer at different angle on the skin you get more control on individual hair length. This comb is ideal for a perfect stubble or a 5 o'clock shadow where every detail counts.

Maintenance free blades

The blades stay sharp and need no oiling, so your product is always ready for use.

Travel lock

Travel lock option protects your product against unintentionally switching on when you are carrying it in your bag.

Turbo power boost button

When greater suction power and increased cutting speed is desired while trimming, simply press the Turbo Power Button.

Corded and cordless use

Use your electric beard trimmer corded or cordless with the rechargeable battery for maximum power and freedom.
