

Philips StyleShaver
waterproof styler & shaver

Pro

QS6160/32

Express your style

Trim, style & shave - with one product

Create the exact look you want with Styleshaver. With just a flip of the wrist, this dual-ended electric beard trimmer and styler has everything you need to create a perfect beard style, 3-day beard, or a clean shave, even on tough beards

Easy to use

- 100% waterproof for easy cleaning
- Travel lock prevents the product from turning on by accident
- Battery light shows the battery status
- 2-year guarantee, worldwide voltage, no oil needed
- Power light clearly shows which end is running
- 50 minutes cordless power after 1 hour quick charge.

Trim + style + shave

- Beard trimmer with 12 length settings from 0.5mm to 10mm
- Reversible trimmer: 32mm and 15mm sides for perfect details
- Dual shaver with trimmer shaves even the toughest beards
- Detail comb for precision, and beard comb for control

PHILIPS

Highlights

Beard and stubble trimmer

A full size (32mm) Philips beard and stubble trimmer with 12 adjustable length settings from 0.5mm to 10mm makes it easy to get exactly the length you want. Turn the wheel to lock-in your perfect length setting. The durable metal trimmer with skin-friendly rounded edges guarantees a precise and even trim.

Reversible trimmer

Take off the adjustable length comb, and there's a reversible precision trimmer underneath. One side is a 32mm high-performance trimmer. Turn it around, and there is a 15mm wide precision trimmer – perfect for getting into small spaces, like under your nose or around your mouth. It's designed to cut very close while still protecting your skin, and it's small size and angled design make it easy to see what you are doing for fine lines and details.

Dual foil shaver with trimmer

The dual foil shaver makes it easy to clean up stubble around your beard, even on your neck.

The mid trimmer catches longer, tougher hairs and the 2 floating foils shave everything else perfectly smooth.

Detail and beard combs

The detail comb gives you more precision as you trim. Use it instead of the beard comb to get into tight spots, or to round off the edges of your beard. The beard comb gives you more control for an even trim.

1 hour charge

The powerful lithium ion battery lasts for 50 minutes after a 1 hour charge. A quick 10 minute charge gives you 10 minutes of grooming time, so it's always ready when you are.

100% waterproof

Shave or trim your beard where you want to, wet or dry. When you're done, just rinse it off under the tap.

Travel lock

Press any button for 3 seconds to activate the travel lock, so the product doesn't get turned

on accidentally. A red lock symbol between the buttons shows when the travel lock is on.

Power light

The trimmer button lights up when the trimmer is on, and the shaver button lights up when the shaver is on, so you always know which end is running.

Battery light

Battery light glows light blue when full and blinks orange when 10 minutes remain.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.
