Save up to 20% energy*

Vacuum cleaner for greener results

Philips EasyLife vacuum cleaner is designed to deliver high cleaning results while consuming less energy than regular vacuum cleaners. Besides, you can easily empty the bucket without getting dirty hands by the simple push of a button.

Clean air in your home

- HEPA filter for excellent filtration of the exhaust air

Be sure of optimum cleaning performance

- Indicator light shows when bucket needs emptying

Scratch-protection for parquet floors

- Parquet nozzle with soft brush hairs for scratch-protection

Easy dust disposal

- Handle for easy removal of the dust container
- Dust container with one-button release system

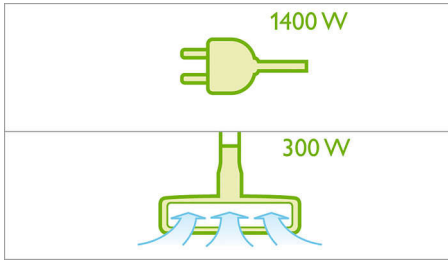

Low power consumption, high-power results

- 1400 Watt motor generating max. 300 Watt suction power

PHILIPS

Highlights

1400 Watt, 300 Watt EasyLife

The efficient 1400 Watt motor generates 300 Watt max. suction power, which means that you use less energy but do not compromise on the cleaning results.

Indicator light

The indicator light turns on when the bucket is full and needs to be emptied. Emptying and cleaning the bucket and the filter will ensure you to keep the optimum cleaning performance.

Dust container handle

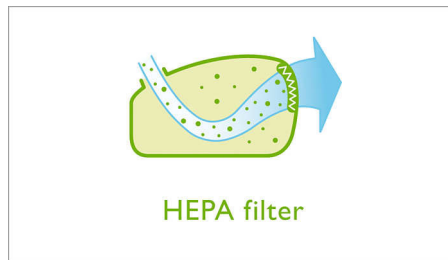

The handle of the dust container will help you to easily take it out and maintain it over the trash bin.

One-button release system

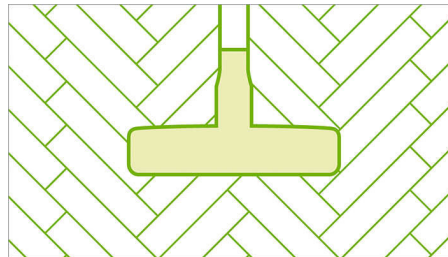

The closed dust container of the Philips bagless vacuum cleaner can be emptied by the bottom by the simple push of a button.

HEPA filter

This HEPA filter catches harmful microscopic vermin that causes respiratory allergies. To maintain effective filtration, replace the HEPA filter every 6 months.

Parquet nozzle

No more risk of scratches thanks to this nozzle with soft brush hairs, especially designed to carefully clean your hard floors.
