Highlights

A home assessment solution

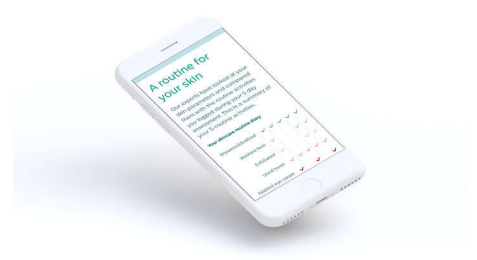

Easy-to-use home assessment kit includes moisture measurement device and skincare app

Understand your pure skin

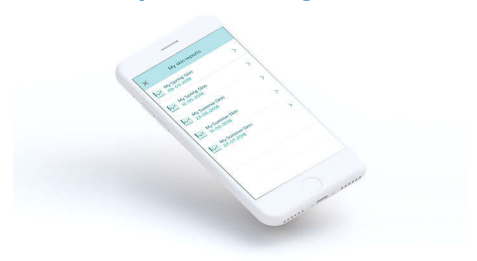

Get accurate snapshots of your skin and create personalized reports to get a deeper understanding of your skin, such as hydration, oil condition and overall skin type.

Immediate activities

Discover insights into a better skincare routine and find out about lifestyle influencers on the condition of your skin.

Learn how your skin changes

Retake your assessment whenever you feel the need and learn how your skin changes over time
