

# PHILIPS

Wet & Dry electric shaver

Shaver series 9000

Pressure Guard sensor

Dual Steel Precision blades

Dermatologically tested

360-D Flexing heads

S9986/55

## Superior closeness\*, personalized skin comfort with SkinIQ Technology

The most intelligent shaver powered by AI gives you incredible skin comfort. Get feedback on shaving pressure to protect your skin, while cutting hair closer, even on 5-day beards. It senses, guides, and adapts to your unique face.

### A closer shave

- Cuts hair in every direction with 360-degree rotating blades

### SkinIQ technology

- 30% smoother\*\*\* gliding with Protective SkinGlide Coating
- Adjusts to your beard density with Power Adapt Sensor
- Always the optimal pressure with the Pressure Guard Sensor
- Adapts to your contours with 360-D Flexing Heads

### For a convenient shave

- Effortless charging with convenient stand available at hand
- Enhance your shaving experience with Philips Shaving App
- Precision trimmer integrated in the handle
- 60 minutes of cordless shaving once fully charged
- Deep cleaning in just 1 minute for hygienic shaving
- Choose a convenient dry or refreshing wet shave

# Highlights

## Pressure Guard sensor

Using the right pressure is key for closeness and skin protection. Advanced sensors in the shaver read the pressure you apply, and the innovative light signal shows when you are pressing too hard or too little. For a personalized shave that is just right for you.

## Dual SteelPrecision blades

Philips rotary shavers are specifically designed to match your natural hair growth, capturing all the hairs growing in any direction, thanks to 360-degree rotating blades. With up to 150,000 cutting actions per minute, the Dual SteelPrecision blades cut more hair per stroke\*\*.

## Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 250.00 micro-tech beads per square centimeter, the coating improves gliding by up to 30%\*\*\*, to minimize irritation.

## Power Adapt sensor

The electric shaver has intelligent facial-hair sensing technology that reads hair density 500 times per second. The Power Adapt Sensor auto-adapts the cutting power for an effortless and gentle shave

## 360-D Flexing heads

Designed to follow the contours of your face and even the neck, this Philips electric shaver has fully flexible heads that turn 360° for a thorough and comfortable shave.

## Personalization via app

Perfect your shave by pairing your shaver with the Philips Shaving App\*\*\*\*. Shave by shave, track the progress of your skin, personalize your shave and master your technique for a shave that's as close as it is kind to skin.

## Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10x more effective than cleaning with water\*\*\*\*. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

## Wet & Dry

Adapt your shaving routine to your needs. With Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

## Pop-up trimmer

Complete your look using the shaver's pop-up precision trimmer. Integrated into the shaver's body, it's the perfect way to maintain a mustache and trim sideburns.

# Specifications

## Accessories

### Charging stand
