# Highlights

## Remove unwanted hair

Easily reach and remove unwanted nose and ear hair comfortably. Ensure your nostrils are clean before use and carefully insert the trimmer inside your nose no more than 0.5cm and slowly circulate it. When trimming ear hair, ensure ears are free of wax.

## Protective Guard System

A nose, ear, and eyebrow trimmer engineered for safety and comfort, the Protective Guard System covers the blades to ensure they don't make direct skin contact. It's also made to minimise missed hairs, pulling or tugging.

## PrecisionTrim technology

Our innovative, dual-sided precision trimmer cuts quickly and effortlessly from any angle and in any direction.

## Easy handling

The textured handle gives you better grip and control when using your nose trimmer for men, and the on/off switch is positioned for easy operation.
