AVENT

Highlights

Zero interference with DECT

DECT technology guarantees zero interference from any other transmitting product like other baby monitors, cordless phones and cell phones. Data encryption provides a secure and private connection, so you can be sure that you are the only one that can hear your baby.

Perfect clear sound

Hear every tiny giggle, gurgle, and hic-up with perfect clarity. DECT (Digital Enhanced Cordless Telecommunications) technology provides high quality, crystal clear sound so you can hear your baby anytime.

Smart ECO mode

The unique Smart ECO mode automatically minimizes your transmission power and

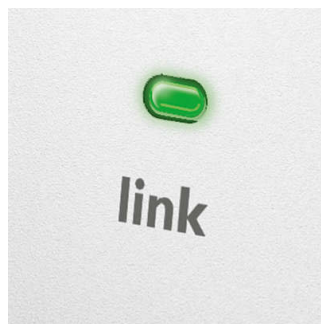

increases your battery lifetime. The closer you are to your baby, the less power is needed for a perfect connection (not available in US and Canada).

Sound activation 3 LED lights

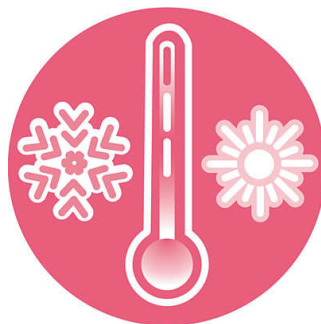

Lights are activated to indicate the level of sound in your baby's room. Even when the Parent Unit is muted.

Always connected

The parent unit will alert you when your monitor is out of range or when the power is low, helping you make sure that you are always connected to your baby.

Temperature sensor

The temperature sensor with customized alert allows you to monitor the climate in your baby's room. Your baby can't regulate its body temperature as well as you can and a slight

change in temperature can make your baby restless. A customized temperature sensor will immediately alert you, through the digital display on the parent unit, if the climate in your baby's room changes.

330m Range

Indoor range up to 50 meters*. Outdoor range up to 330 meters*.

Rechargeable parent unit

The rechargeable parent unit enables you to move in and around the home.

Operating time up to 18 hours

The small, rechargeable parent unit will give you the freedom of cordless streaming for up to 18 hours before re-charging is required.

Specifications

Development stages

- Stage: Pregnancy, 0 - 6 months

Features

- Comforting night light
- Indoor range up to: 50m
- Linked and in range indication
- Outdoor range up to: 330 meters
- Talkback function
