# Highlights

## Lift & Trim system

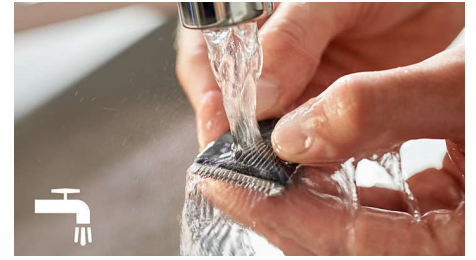

Perfect for stubble, the Philips beard trimmer features our new Lift & Trim system: a comb that lifts and guides the hairs to the level of the blades for an even trim.

## Precision Dial - 10 settings

An effective beard trimmer that cuts to the exact length you're after. Just spin the zoom wheel to one of 10 length settings between 0.5 and 10mm in 1mm increments.

## Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.

## Self-sharpening blades

The self-sharpening steel blades on the Philips 3000 beard trimmer stay as sharp and effective as on day 1 to deliver a perfect yet protective trim, time after time.

## 45 min cordless use

Don't get tangled up in your stubble trimmer – one 10 hour charge provides up to 45 minutes of grooming time.

## Ergonomic design

A fast trimmer that's comfortable to hold and use. So you can handle those hard-to-reach areas more easily.

## Skin-friendly blades

Designed to prevent scratches and irritation, the blades have rounded tips for smoother skin contact.

## Battery indicators

The green light on the adaptor lets you know when your device is charging.

## Built to last

All of our grooming products are built to last. They come with a 2 year warranty, never need to be oiled and are compatible with any voltage worldwide.
