A comfortable and efficient shave

- 18 mini-blades, curve-edged shaving head & rounded heads

Less friction and less skin irritation

- Curve-edged shaving head prevents cutting of the skin
- Rounded profile of heads reduce friction against skin
- Skin Protection System reduces skin friction every pass

Stay close to your skin

- FlexWing brings you good contour following experience

Highlights

Anti-slip:

Unique carbon fiber frame makes sure the shaver has low weight and is strong, which optimizes handling and suspension.

ComfortCut Blade System

With 18 mini-blades, curve-edged shaving head & rounded profile of heads, glide smoothly across your skin while reduce skin irritation, designed for a comfortable and efficient shave.

Curve-edged shaving head

Curve-edged shaving head: prevents cutting of the skin, resulting in less skin irritation, this is designed for a comfortable shave.

Flexwing Technology

4 directional, 54 degree* flex, designed to stay close to your skin and conquer tricky areas including jawline and neck.

Rounded profile of heads

Rounded profile of heads: reduce friction between skin and shavers significantly, this is designed for a comfortable shave.

Skin Protection System

Low cap exposure and rounded floe to reduce skin friction every pass.

Washable

Freely rinse under tap water.

10-hour charging

You'll have 20+ minutes of running time on a ten-hour charge. This shave only operates in cordless mode.
