Put your hair in the spotlight

Up to 95% split-free ends*

Vivid ends straightener is our first straightener designed to protect your fragile ends. Thanks to our premier SplitStop Technology, you can enjoy beautifully styled hair with healthy looking ends!

Beautifully styled hair

- Keratin infusion for better care
- More care with ionic conditioning for shiny, frizz-free hair

Ease of use

- Extra-Long plates (105 mm) for fast and easy straightening
- Cool tip to easily create curls and waves
- Fast heat-up time, ready to use in 30 sec
- 1.8 m power cord
- Auto shut-off for safe use

Proven to prevent split ends

- SplitStop Technology for ultimate split-end prevention
- UniTemp sensor for beautifully styled hair with less heat
- Ceramic coating for smooth gliding and damage prevention
- 11 digital temperature settings for absolute control
