Perfect beard, less mess

with new Vacuum System

This powerful stubble and beard trimmer delivers superior trimming performance. The stubble comb has been specially designed to create the perfect stubble. The integrated vacuum system captures hairs for less mess guaranteed.

Best performance that feels great

- Contour-following comb for a precise and even trim

Provides maximum ease of use

- Maintenance-free blades
- Multifunctional display
- Travel Lock
- Vacuum system captures cut hairs for mess-free trimming

Create the look you want

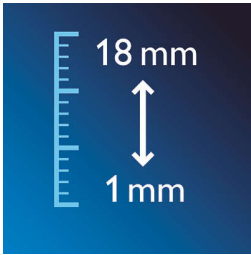

- 18 secured length settings from 1 mm up to 18 mm
- Stubble comb designed to trim with more precision

Provides optimal power

- Corded and cordless use for maximum power and freedom
- Turbo power boost button boosts cutting and fan speed
- Strong lithium-ion battery for optimal power use

Highlights

18 secured length settings

Select and locks your desired length within a versatile range of possible lengths.

Multifunctional display

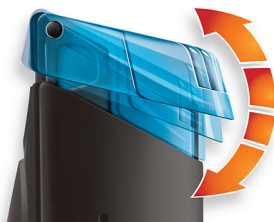

Multifunctional display shows the length setting easily

Integrated vacuum system

The integrated vacuum mechanism absorbs cut-off hairs during use and gives you a cleaner washbasin after use.

Contour-following comb

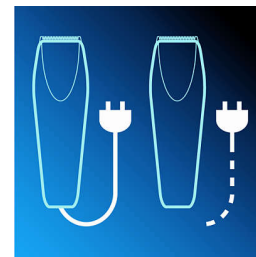

Flexing guide comb that follows every curve of your face for an even trim, easily and comfortably.

Powerful Lithium-Ion battery

This product has a powerful lithium-ion battery with quick charge so you can charge the product in only 1 hour for 75 minutes' use.

Corded and cordless use

Use your Philips trimmer corded or cordless with the recharged battery for maximum power and freedom.

Maintenance-free blades

The blades stay sharp and need no oiling, so your product is always ready for use.

Travel lock

Travel lock option protects your product against unintentionally switching on when you are carrying it in your bag.

Turbo power boost button

When greater suction power and increased cutting speed is desired while trimming, simply press the Turbo Power Button.

Stubble comb

The stubble comb has been designed to increase visibility during trimming as there are no frontal teeth. Moreover, fine contours are possible by applying the tip of the trimmer at different angles on the skin. This allows for greater control with each individual hair length. This comb is ideal for a perfect stubble or a 5 o'clock shadow where every detail counts.
