45 minutes of cordless shaving

A powerful Lithium-ion battery gives you more shaves per charge. You'll have 45 minutes of shaving time - that's around 15 shaves - after 1 hours of charging. Plug it in for 5 minutes and you'll have enough power for one shave.

1-hour charging time

Shave longer with every charge, thanks to our powerful and long-lasting Lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave.

Super Lift & Cut Action

Shave closer with the dual-blade Super Lift & Cut Action. The first blade raises each hair while the second blade comfortably cuts below skin level, for exceptionally smooth results.
