Highlights

Contour Detect Technology

The Philips shaver is an electric shaver that delivers our closest shave ever*. Its Contour Detect technology gently follows your facial contours to capture 20% more hairs* in a single pass.

V-Track Precision Blades PRO

Upgraded V-Track Precision Blades PRO gently captures each hair regardless of its length, from 1 day up to 3 day stubble. Cuts 30% closer* in fewer strokes, leaving your skin smooth and comfortable. The blades also self-sharpen to ensure a premium shave day after day.

Personal Comfort Settings

Choose between normal or sensitive to create a shaving experience that best suits your skin. If you're in a hurry, select the fast setting to save some time.

Digital User Interface

The premium user interface helps you get the best performance out of your shaver by automatically lighting up and displaying: - 3 digit battery indicator - Cleaning indicator - Battery low indicator - Replacement head indicator - Travel lock indicator

Shave Wet or Dry

The wet and dry shaver can be used to your preference. At the sink or in the shower, get a convenient dry shave or pair with your favourite foam or gel for a refreshing wet shave.

SmartClean PLUS

At the touch of a button, SmartClean PLUS cleans, lubricates, dries and charges your shaver, keeping it performing at its best every day.

SmartClick Precision Trimmer

Refine and define your mustache and sideburns with the SmartClick precision trimmer—and complete your look with ease.

60 minutes of cordless shaving

Shave longer with every charge, thanks to our powerful and long-lasting Lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave. All Shaver Series 9000 models are designed to operate only in cordless mode - to ensure you'll always be safe when shaving with water, even in the shower.

Travel case

The sleek design of the shaver storage case takes up less space and the built-in ventilation chamber dries your electric shaver even when you're on the go.
