- Cord length: 3 m

- Power: 2200 W
- Material housing styler: ABS/PC

Serviceability

- Replacement

HP4991/03

Highlights

Ultra narrow concentrator 15mm

The concentrator works by directing the flow of air through the ultra narrow opening on to specific areas. This results in very precise styling and is great for touch ups or to finish a style.

Professional 2200W

This 2200W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Ceramic element

The ceramic element is included to prevent overdrying. It issues infrared heat, which has a gentle warmth which helps dries your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.
