S7930/16

Close shave, even on sensitive skin

Our No.1 for sensitive skin

The Philips Shaver Series 7000 is crafted for a close sensitive shave. Enhanced with personal guidance - co-developed with dermatologists - it helps men with the specific skin issues they face. Because every skin is different.

Designed for skin comfort

- SkinGlide Rings with microspheres for a smoother glide
- Multi-direction flex heads for minimum skin stress
- Aquatec gives you a comfortable dry or refreshing wet shave

Convenient

- Even-up your mustache and sideburns
- 50 minutes of cordless shaving
- Fully charged in one hour
- The 5-minute power boost is enough for a single shave

Personalized

- Dense beards don't stand a chance
- Shave settings designed for sensitive skin
- Adaptive shaving advice—because every skin is different

PHILIPS

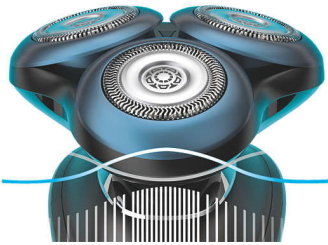

Highlights

SkinGlide Rings

Experience the smooth glide of Philips advanced microsphere technology. Inspired by gliding principles in aerodynamics, the shaver rings are coated with thousands of tiny, glass-like spheres for maximum skin comfort.

BeardAdapt Sensor

This electric shaver comes complete with a BeardAdapt Sensor that reads the density of your beard. It then auto-adjusts the power for the job at hand. Easy.

Personal Shave Plan

With a personal plan co-developed with dermatologists, tackle skin issues such as redness, razor burn or in-grown hairs via the connected GroomTribe app. Track your progress, shave-by-shave, and develop a shaving routine and technique that works for you.

Multi-Direction ContourDetect

Gently follow the contours of your face and neck with close shaver heads that flex easily along every curve. Less pressure is needed to shave closely, which minimizes irritation.

Sensitive Shave Settings

With normal, sensitive, and extra sensitive speed settings, your skin comfort is never compromised. You can also use the GroomTribe app for a personal recommendation.

Aquatec Wet & Dry

Adapt your shave routine to your needs. With the Aquatec Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

SmartClick Precision Trimmer

Refine and define your mustache and sideburns with the SmartClick precision trimmer—and complete your look with ease.

50 minutes of cordless shaving

Enjoy up to 50 minutes of cordless shaving time from a single full charge.

1-hour charging time

Charge your Philips shaver fully in just 1 hour with the powerful and energy efficient lithium-ion battery.

5-minute quick charge

In a hurry? Plug in your facial shaver for 5 minutes and get enough power for 1 full shave.
