Highlights

NanoTech Dual Precision blades

With up to 150.000 cutting actions per minute, the NanoTech Dual Precision blades deliver extremely close results at skin level. Hardened with nano particles, the 72 self-sharpening blades have extra strong, long lasting sharp edges for an ultimate closeness at all times.

High-control suspension system

To avoid pulling and discomfort, the Philips s9000 Prestige has a high-precision suspension system to ensure the perfect blade position for maximum cutting precision.

Top-spin digital motor

Maximum rotations for maximum efficiency, Philips' most advanced digital motor ensures a precise shave no matter the facial contour or hair density.

Superb SkinGlide coating

The Philips S9000 Prestige features our Superb SkinGlide coating for an extremely smooth shave. The rings with metallic pigments have an anti-friction coating for superb gliding.

Wireless Qi charging pad

Plugging in cords in wet areas is a thing of the past. Simply lay your cordless electric shaver on the Qi charging pad for a wireless charge.

Power Adapt sensor

The electric shaver has intelligent facial-hair sensor that reads hair density 500 times per second. The technology auto-adapts cutting power for an effortless and gentle shave.

Personal Comfort settings

Adjust the speed of your shaver and personalize your shaving routine to your own skin and preferences.

360-D+ Flexing heads

The 360-D+ Flexing heads on this Philips electric shaver follow the contours of your face, catching even difficult hairs for a smoother shave.

Shave wet or dry

A wet and dry shaver that adapts to your preference. Choose a convenient dry shave, or pair with your favourite foam or gel for a refreshing wet shave.
