# Highlights

## Unique OneBlade Technology

Designed for facial styling and body grooming, the Philips Norelco OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200x per second, it's efficient even on longer hairs.

## Trim it down

Trim to your preferred stubble length. Your Philips OneBlade comes with 4 stubble combs for a 5 o'clock, tight trim or long stubble.

## Edge it up

Get precise lines in seconds with the dual-sided blade that enables you to see every hair you're cutting.

## Shave it off

The OneBlade shaver doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and shave off any length of hair easily.

## Guard

Attach the skin guard for an extra layer of protection on sensitive areas of the body.

## Click-on body comb

Simply attach the 3mm body comb to trim in any direction.

## 4 click-on stubble combs

Get your preferred stubble length using one of the 4 included stubble combs at 1, 2, 3 or 5mm.

## Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably trim and shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

## Durable OneBlade

Easily replace your blade once every 4 months\* for optimal performance. A green usage indicator will appear once the blade is worn out.
