The dryer hairdressers would use at home

SalonDry Pro 2200W

Want to dry your hair like the professionals? The SalonDry Pro – with 2200W of superior drying power – is the hairdryer you need if you're looking to recreate that salon style blow dry.

Easy to use

- Salon length 3m power cord for maximum flexibility
- Removable air inlet grill for easy cleaning
- Easy storage hook for convenient storage

Beautifully styled hair

- Six flexible speed and temperature settings for full control
- Ceramic volume diffuser for additional protection and volume
- Professional style rocker switches for better control
- Ultra narrow concentrator for precise styling
- Professional 2200W for perfect salon results

Less Hair Damage

- Ceramic element to smooth your hair
- Ion conditioning for shiny, frizz free hair

Long lasting styles

- Cool Shot sets your style

Highlights

Six flexible speed settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Prof style rocker switches

A must-have professional function. These type of switches enable you to quickly choose the rights settings without any stress.

Ultra narrow concentrator 15mm

The concentrator works by directing the flow of air through the ultra narrow opening on to specific areas. This results in very precise styling and is great for touch ups or to finish a style.

Ceramic volume diffuser

The volume diffuser dries hair quickly and evenly to minimise frizz and add volume. The diffuser is coated in high quality ceramic. This helps to protect the hair and adds softness and shine, making it perfect for creating healthy looking curls and bouncy styles.

Professional 2200W

This 2200W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Ceramic element

The ceramic element is included to prevent overdrying. It issues infrared heat, which has a gentle warmth which helps dries your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Ion conditioning

Give your hair an instant boost with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the

hair cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

Cool Shot

A must-have professional function for hair stylers. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

3m cord

The longer length results in improved flexibility and ease of handling, so you can use it anywhere you want.

Removable air inlet grill

The air inlet grill of this hairdryer can be removed for cleaning. Remove and clean regularly to prevent build-up.
