- 50% faster straightening**
- ThermoShield technology for less heat damage
- 35%*** smoother floating plates for gentle styling
- 2 x ionic care*** for frizz-free-shiny hair

PHILIPS

Straightener

ThermoShield technology 50% faster straightening, 35% smoother floating plates, 2x ionic care

Highlights

ThermoShield technology

ThermoShield technology lets you style with less heat damage. Its' sensor regulates the temperature so that from root to end, your hair gets the ultimate even styling it deserves.

50% faster straightening

Smooth plates help the straightener glide smoothly through the hair, so you can spend less time styling and more time enjoying the same great result.

35% smoother floating plates

35% smoother plates with floating technology for gentle gliding with every stroke. The advanced ceramic floating plates move to adjust the pressure on the hair. This ensures even heat and pressure on the hair for good styling performance.

2x ionic care

This powerful ionic system intensifies your hair's shine with 2x the ionic care per styling session. Charging your hair with millions of negative ions per cubic centimeter eliminates static, conditions your hair and smoothens its cuticles. So you can enjoy frizz-free hair with vibrant shine.

Argan-oil infused plates

The straightener uses ceramic plates infused with argan oil to make styling fast and effortless, with a

gliding action that feels as silky smooth as your hair looks.

Wide temperature range

Choose between temperature range from 120°C up to 230°C to secure long-lasting result while minimizing risk of hair damage.

105 mm long plates

The longer 105 mm plates enable better contact with the hair to help you achieve perfect straightening results easier and in less time.

Innovative temperature display

The unique combination of 360° temperature wheel and LED display gives you absolute temperature control.

Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.

Fast heat-up time

The straightener has a fast heat-up time, being ready to use in 30 seconds.

Heat resistant roll out mat

The convenient heat resistant roll-out mat helps you style anywhere, it also keeps your straightener securely stored at home or while traveling.
