Highlights

Precision trimmer

The precision trimmer perfectly grooms the bikini line with precision and comfort. Trims hair to a length as short as .24 inches/0.6mm.

Micro shaver

The micro shaver can be used to shave along contoured edges to remove any stubble while creating a smooth, well-defined bikini line.

Precision epilator

The precision epilator removes hair by the root with gentle precision. Enjoy long lasting bikini smoothness for weeks.

Precision comb

When using the precision trimmer with the precision comb, you can trim the hair in your bikini area to your ideal length. With the 5 length settings you can trim to hair length of .08 to .39 inches (2-10mm)

Micro trimmer

Use the micro trimmer to shape your eyebrows, define the eyebrow contours and remove single unwanted hairs.

Eyebrow comb

Use the precision trimmer with the eyebrow comb to trim the entire eyebrow to a uniform length.

Tweezers

Comes with precision tweezers to remove any stray, unwanted hairs.

Exfoliation glove

The exfoliation glove mildly exfoliates your skin, removing dead skin cells, leaving your skin beautifully smooth/radiant.

Travel bag

So you can take BikiniPerfect wherever you go

Wet & dry

Use in and out of the shower or bath.
