Essential Care  
heated styling brush

38mm

HP8630/00

## Easy volume and style

Philips Essential Care heated styling brush allows you to easily create soft curls and waves while caring for your hair. Heated 38mm barrel secures long lasting result, and retractable bristles guarantee safe application and perfect style.

### **Ease of use**

- Retractable bristles for safe hair release

### **Gentle on your hair**

- Protective ceramic coating

### **Long lasting results**

- 190°C styling temperature for long lasting results

### **Beautiful hair**

- 38mm barrel for soft curls and volume

## Highlights

### Retractable bristles

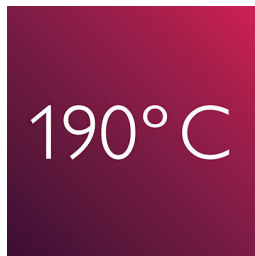

Unique retractable bristles guarantee easy and safe application: just wrap your hair around the brush, rotate the cool tip, and the bristles will be retracted. This unique feature secures safe hair release, and maintains the perfect shape of your curl.

### Ceramic coating

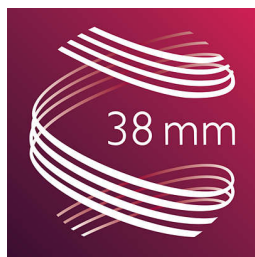

Protective ceramic coating for better care of your hair.

### 190°C styling temperature

190°C styling temperature secures long lasting result while minimizing risk of hair damage.

### 38mm barrel

38mm barrel helps add volume and movement to your hair by creating soft, natural looking curls and waves.
