The dryer hairdressers would use at home

SalonPro

Want to dry your hair like the professionals? The SalonDry Pro – with 2100W of superior drying power – is the hairdryer you need if you're looking to recreate that salon style blow dry.

Easy to use

- Easy storage hook for convenient storage

Beautifully styled hair

- Narrow concentrator for focused airflow
- Volume diffuser enhances volume, for curls and bouncy styles
- Professional 2100W for perfect salon results
- 9 flexible speed & temperature settings for maximum control

Less Hair Damage

- Ceramic element to smooth your hair
- Ion conditioning for shiny, frizz free hair

Long lasting styles

- Cool Shot sets your style

Highlights

9 flexible speed/temp settings

The speed and heat required can be easily adjusted to create the perfect end result. Nine different settings ensure maximum control for precise and tailored styling.

Volume diffuser

The volume diffuser dries hair healthily, reduces frizz and increases volume by spreading the airflow across the hair. It adds lift and maximises volume, especially when used on the crown and root area, making it perfect for creating curls and bouncy styles

Professional 2100W

This 2100W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Narrow concentrator

The concentrator of the hair dryer works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch ups or to finish a hair style.

Ceramic element

The ceramic element is included to prevent overdrying. It issues infrared heat, which has a gentle warmth which helps dries your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Ion conditioning

Give your hair an instant boost with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the

hair cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.
