

Philips ThermoProtect  
Ionic  
Hairdryer

1900W/1500W

HP8232/01

Fast dry at a lower temperature with ThermoProtect

with volume diffuser & 14mm styling nozzle.

Protect your hair while enjoying fast drying results. Multiple heat and speed settings give the blow dry you want. Features ThermoProtect for fast drying at a constant caring temperature and Ionic Care for frizz-free shine.

#### Easy to use

- Removeable air flow filter makes cleaning quick and easy
- 1.8 m power cord
- Easy storage hook for convenient storage

#### Beautifully styled hair

- Perfect styling results with a slim styling nozzle
- Adds volume, maximising thickness, curls and bouncy styles
- Six flexible speed and temperature settings for full control
- Cool Shot sets your style
- A powerful dryer for great salon results

#### Less Hair Damage

- ThermoProtect temperature setting
- Ionic conditioning for shiny, frizz-free hair

**PHILIPS**

Hairdryer  
1900W/1500W

# Highlights

## Wattage

This professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier. This dryer comes in two versions: 110-127V = 1900W, 110V = 1500W

## ThermoProtect temperature

The ThermoProtect temperature provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

## Speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

## Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an

intense burst of cold air. It is used after styling to finish and set the style.

## Ionic conditioning

Give your hair instant care with ionic conditioning. Charged negative ions eliminate static, condition your hair, and smooth the hair cuticles to intensify hair's shine and glossiness. The result is smooth and frizz-free hair with beautiful shine.

## 1.8 m cord

Convenient to use thanks to the 1.8m power cord length.

## Slim styling nozzle

Perfect styling results and a shiny, polished look with a slim styling nozzle for precise styling.

HP8232/01

## Removeable air inlet filter

The removeable air flow filter of your hairdryer is easy to maintain. Simply click off to clean. Doing this regularly will prevent build up of dust and hair that can affect drying performance.

## Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

## Asymmetric volume diffuser

The volume diffuser has a unique asymmetric design that is contoured to the head, making it easier and more intuitive to use. The diffuser also spreads the flow of air across the hair, drying hair more healthy, boosting volume and reducing frizz. For best results, hold close to the crown and root area and let the diffuser's fine textured pins encourage volume, add bounce and shape curls.

# Specifications

## Technical specifications

- Cord length: 1.8 m
- Voltage: 110-127 V
- Color/finishing: High Gloss & Matt White
- Wattage: 110-127V: 1900W, 110V: 1500W
