Advanced pain reduction system

- Click-on ice cooler
- Integrated massaging system
- Pivoting cooling head

Unique ceramic epilating head

- Curved epilating head
- Higher rotation speed
- Hypo-allergenic ceramic epilating head

Highlights

Click-on ice cooler

The patented ice cooler soothes the skin reducing the unpleasant feeling of epilation. Its pivoting head follows every curve of your body for optimal cooling and less pain.

Pivoting cooling head

Follows the body's contours for maximum pain reduction during epilation and an immediate cooling and soothing effect on the skin afterwards.

Integrated massaging system

Works with the skin cooler to distract from the sensation of epilation.

Hypo-allergenic ceramic head

Better skin care by reducing the risk of allergic skin irritation.

Curved epilating head

For improved grip on hair, ensuring that up to 95% of hairs are removed at the root in one stroke.

Higher rotation speed

For more effective hair removal.

Delicate area ice cooler

To epilate sensitive areas such as bikini line and underarms.

Exfoliating body puff

Reduces ingrown hair.

Additional shaving head

For smooth shaving of underarm and bikini areas.

New ergonomic design

For easier handling.

2 speed settings

Speed 1 for fine hair, speed 2 for thicker hair.
