

PHILIPS

Hairdryer

ThermoProtect Ionic

1900W

asymmetric volume diffuser

HP8232/80

Fast dry at a lower temperature with ThermoProtect with volume diffuser & 14mm styling nozzle.

Protect your hair while enjoying fast drying results. Multiple heat and speed settings give the blow dry you want. Features ThermoProtect for fast drying at a constant caring temperature and Ionic Care for frizz-free shine.

Easy to use

- Removeable air flow filter makes cleaning quick and easy
- 1.8 m power cord
- Easy storage hook for convenient storage

Beautifully styled hair

- Professional 1900W
- Adds volume, maximising thickness, curls and bouncy styles
- Cool Shot sets your style
- Ionic conditioning for shiny, frizz-free hair
- Perfect styling results with a slim nozzle
- Six flexible speed and temperature settings for full control

Less hair damage

- ThermoProtect temperature setting

Highlights

Removeable air inlet filter

The removeable air flow filter of your hairdryer is easy to maintain. Simply click off to clean. Doing this regularly will prevent build up of dust and hair that can affect drying performance.

1.8 m cord

Convenient to use thanks to the 1.8 m power cord length.

1900W

This 1900W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Asymmetric volume diffuser

The volume diffuser has a unique asymmetric design that is contoured to the head, making it easier and more intuitive to use. The diffuser

also spreads the flow of air across the hair, drying hair more healthy, boosting volume and reducing frizz. For best results, hold close to the crown and root area and let the diffuser's fine textured pins encourage volume, add bounce and shape curls.

Cool Shot

A must-have professional function, the Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

Ionic Care

Give your hair an instant care with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.

Slim styling nozzle

Perfect styling results and a shiny, polished look with a slim styling nozzle for precise styling.

Speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

ThermoProtect

The ThermoProtect temperature provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.
