Highlights

SilkPro Care

Enjoy style and care with the Philips SilkPro Care technology. Plates smoother than silk glide through your hair with optimized temperature, minimizing friction and resulting in less heat exposure. For beautifully straightened silky smooth hair.

Keratin infused ceramic plates

This straightener has keratin infused ceramic plates for ultimate shine and ultrasmooth gliding.

Ionic Care

Give your hair instant care with ionic conditioning. Charged negative ions eliminate static, condition your hair, and smooth the hair cuticles to intensify shine and glossiness. The result is smooth and frizz-free hair with beautiful shine.

Wide plates

These extra wide straightening plates have been designed specifically for thick or long hair. The increased plate width can straighten more hair in one go and will help to reduce the time required to style.

210°C professional high heat

This high temperature enables you change the shape of your hair and gives you that perfect look like you've just come from the salon.
