PHILIPS

Hairdryer
2000W

Highlights

Ceramic radiant heat

Ceramic element with far-infrared heat prevents overdrying.

3m cord

The longer length results in improved flexibility and ease of handling, so you can use it anywhere you want.

6 flexible speed/temp settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Ion conditioning

Ion conditioning for frizz-free, shiny hair

Ultra narrow concentrator 15mm

The concentrator works by directing the flow of air through the ultra narrow opening on to specific areas. This results in very precise styling and is great for touch ups or to finish a style.

Soft grip

The soft, non-slip grip is ergonomically designed. It has been tested by professionals for easy handling and salon performance.

Extra cold shot

Extra cold shot fixates your style

Ceramic round brush

This rounded ceramic brush uses the properties of ceramic to smooth the hair during styling and add shine. With its cylindrical shape and salon dimensions, it can be used to create a variety of different styles.

Ceramic Tourmaline diffuser

The volume diffuser dries hair quickly and evenly to minimise frizz and add volume. The addition of Ceramic Tourmaline helps to protect the hair and add softness and shine, making it perfect for creating healthy looking curls and bouncy styles.

Long life AC motor

Long-life AC motor powerful airflow for ultra-quick drying
