- Narrow concentrator for focused airflow
- Professional 2000W for perfect salon results

Long lasting styles

- Cool Shot sets your style

Time saving

- TurboBoost lets you dry faster without additional heat

PHILIPS

Highlights

Professional 2000W

This 2000W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Six flexible speed settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Narrow concentrator

The concentrator of the hair dryer works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch ups or to finish a hair style.

TurboBoost

The special TurboBoost feature has been designed to quickly dry yet protect the hair by providing powerful drying without the need for increased temperature.

Cool Shot

A must-have professional function for hair stylers. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

1.8 m cord

1.8 m power cord

Comb Diffuser

The comb diffuser smoothes and separates the hair for easy styling and quick drying at the same time. This combination of diffuser and comb in one, makes it possible to create bouncy, volumised hair that is tangle-free.

Removable air inlet grill

The air inlet grill of this hairdryer can be removed for cleaning. Remove and clean regularly to prevent build-up.

Specifications

Technical specifications

- Power: 2000 W
- Voltage: 220-240 V
- Cord length: 1,8 m
- Material housing styler: ABS

Weight and dimensions

- A-box dimensions: 630x375x261 mm
