Quick and powerful crease removal

- 2-in-1 vertical & horizontal steaming for better results
- PureSteam technology for consistent powerful steam over time
- More powerful steam up to 30g/min for faster results
- Ready in 60 seconds

PHILIPS

Highlights

PureSteam technology

PureSteam technology is an innovative technology that prevents calc from building up around the steamer's engine. It enables consistent powerful steam for years to come.

XL water tank

The 200 ml water tank enables steaming up to 3 garments in one go. Enough for you quick touch ups before leaving the house!

Safe on all garments

The steamer is safe to use on all fabrics. It is a great solution for delicate fabrics like silk and cashmere.

2-in-1 function

The 2-in-1 function enables both vertical and horizontal steaming. When steaming horizontally on a flat surface, you can achieve better results especially on tricky areas like collars and cuffs.

Continuous steam

Thanks to the electric pump, you do not need to pump manually. Just hold the trigger pressed and steam comes continuously.

Safe rest

You can rest the garment steamer just by making it stand on its base. It is a very easy and safe resting position.

Quick calc release

Thanks to the quick calc release, your appliance can last for longer with the same steam performance.

SmartFlow heated plate

The SmartFlow heated plate prevents condensation on your garments while still being 100% safe on all your clothes even delicates.

Remove odors & bacteria

Powerful steam removes cigarette, food and body odors. Steam also kills 99,9% of the bacteria. *

Specifications
