Multiple hairstyles with ionic care

Dry & style at once - the Philips Air Styler Essential allows you to create beautiful natural styles, whilst providing extra shine with ionic care. The 4 attachments are suitable for both long and short hair, so you can enjoy easy styling.

Easy to use

- Cool air setting for gentle drying

Beautifully styled hair

- 800W styling power for beautiful results
- Paddle Straightening Brush for naturally straight looks
- 38 mm ThermoBrush for smooth styles and waves
- 30 mm retractable bristle brush for defined waves
- Narrow concentrator for focused airflow
- Three flexible heat and speed settings for easy control

Prevent damage

- More Care with ion conditioning for shiny, frizz-free hair
- ThermoProtect temperature setting

Highlights

800W

The Air Styler with 800W airflow for a gentle drying and styling. Achieve beautiful results every day.

Ionic Care

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.

ThermoProtect temperature

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

Paddle Straightening Brush

With the innovative Paddle Straightening Brush, attached to the handle, you can create beautiful naturally straight looking hair, without damage.

38 mm ThermoBrush

The ThermoBrush has an extra wide diameter of 38 mm. The width of the barrel makes it the perfect styling tool for creating smooth styles and waves.

Retractable bristle brush

The 30 mm brush with retractable bristles is designed for the easy styling. Turn the tip of the brush and slide it out for defined waves.

Narrow concentrator

Use the narrow concentrator for the focused airflow for precise styling or touch-ups.

Three flexible settings

The speed and heat required can be easily adjusted to create the perfect result. Three flexible settings ensure precise and tailored styling.

Cool air setting

The Cool air setting uses low heat to gently dry your hair. It works especially well with fine, dry or damaged hair.

Specifications

Technical specifications

Cord length: 1.8 m
