PHILIPS

Highlights

Rapid Air technology

Airfryer's unique Rapid Air technology enables you to fry, bake, roast and grill, the tastiest snacks and meals with less fat than a conventional fryer, by using little or no oil! Philips Airfryer with Rapid Air technology also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!

1.2kg cooking capacity

1.2kg capacity to feed up to 5 people. Now even larger families can enjoy the Airfryer experience with an additional 50% extra capacity**

Digital touch screen

With the digital touch screen you can control the time and temperature of your cooking in

an easier and more precise way. Enjoy your favorite food, prepared at the right temperature and time for the best result!

Smart preset button

Save the settings of your favourite dish so that next time, your meal is ready at the touch of a button!

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Rapid Air technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

International recipe booklet

This recipe book created by culinary experts gives inspiration for a variety of low-fat fried

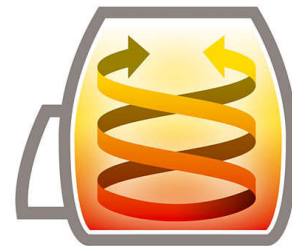

food that you can cook in the Airfryer. It also introduces you to recipes that showcase the versatility of the appliance so that you can grill, bake and even roast food healthier, faster and more conveniently.

More power

Enhanced performance for even faster results! You can now enjoy more power* for great tasting fried food and more with less fat!*

Unique product design

Philips Airfryer's unique design which combines fast circulating superheated air, starfish design and optimal heating profile allows you to fry a variety of delicious meals in a fast, easy and healthier way without necessarily adding oil.
