- Personalized brushing experience
- Lets you know if you're pressing too hard
- Always know when to replace your brush heads
- BrushSync automatically selects the best mode for you

Stay on track with personalized guidance

- Guidance to start and keep up healthy habits

Highlights

Removes up to 10x more plaque*

Know you're getting the deepest possible clean with The C3 Premium Plaque Control brush head. The soft, flexible bristles are designed to curve around the contours of your teeth, giving you 4x more surface contact** and up to 10x more plaque removal from hard-to-reach spots.

Progress Report

ExpertClean gives you the guidance you need to improve and maintain healthy brushing habits in between dentist checkups. Built-in smart sensors let you know when you're using too much pressure, and by connecting your brushing experience to the Sonicare app, a personalized Progress Report helps you stay on track, to see how much you've improved over time.

3 modes, 3 intensities

ExpertClean comes with Clean, Gum Health and Deep Clean+ modes to take care of your brushing needs. Clean mode is for exceptional everyday cleaning, Gum Health provides a gentle yet effective clean for gums and Deep Clean+ gives you an invigorating deep clean.

Three intensities allow you to choose between a higher setting to boost your clean and a lower one for more-sensitive mouths.

Smart brush head recognition

Smart brush heads ensure you're using the right mode and intensity for the best possible clean. For an example, say you're using the G3 Premium Gum Care brush head. Your ExpertClean's BrushSync technology will automatically sync your brush head with the Gum Health mode to help give your gums a clean bill of health.

Built-in pressure sensor

You might not notice if you're brushing too hard, but your ExpertClean will. If you need to ease up, this intelligent toothbrush will make a pulsing sound. It's a heads up to let your brush head do the work. 7 out of 10 people found this feature helped them become a better brusher.

BrushSync replacement reminder

All brush heads wear out over time, so you'll want to keep an eye on yours to make sure you're still getting a great clean. Our BrushSync

technology tracks how long you've been using your brush head for, and how hard you've been brushing. The BrushSync replacement reminder on your handle and a short beep gives you a heads up when it's time to replace it.

C3 Premium Plaque Control

The C3 Premium Plaque Control brush head is designed to give you your deepest clean yet. Soft flexible sides and bristles perfectly curve around the contours of your teeth, giving you 4x more surface contact and helping target hard-to-reach spots*.

Long-life battery

Your ExpertClean will last for up to two weeks on a single charge with regular use.

Makes traveling easier for you

Our premium travel case lets you store your toothbrush hygienically, while our compact charging base keeps you topped up when you're on the go. You do get two weeks of regular use from a single full charge, but the charger's just the ticket for longer trips.
