Highlights

Delicious coffee crema layer

The fine SENSEO® coffee selection and the unique SENSEO® brewing system make sure that your perfect cup of coffee always comes with a rich and delicious coffee foam layer - proof of premium taste and quality.

One-button operation

With this coffee pod machine you can easily prepare one or two cups of coffee with the simple one-button operation.

Adjustable drip tray

By raising or lowering the drip tray you can adjust your Philips SENSEO® coffee maker to the size of your favourite cup or mug.

Variety of blends and flavours

SENSEO® offers you a large variety of coffee blends and flavours, each with its own distinctive taste to fit your personal preference.

1 or 2 cups at the same time

Prepare 1 or 2 cups of your delicious SENSEO® coffee in less than a minute.

Strength select function

Prepare your favourite cup of coffee by adjusting the strength and intensity of its taste. With the strength select function on your SENSEO®, you can choose between strong and mild long coffee.

Automatic shut-off

The SENSEO® coffee maker automatically shuts off after 30 minutes after making coffee, for energy cost saving and appliance safety.

Machine is tested >10,000 times

Philips tests its coffee makers during the development process with more than 10,000 cups of coffee. This ensures high quality and durability

Unique brewing system

At SENSEO® we know how to get the best out of the coffee bean to make great tasting single-serve coffee. The operation of the SENSEO® system is simple and brilliant. Water is pumped from the boiler to the coffee pad. The hot water releases the aroma from the pad and gives a perfect cup of coffee. SENSEO® always offers you quality that you can taste.
