## Easy to clean and maintain

- Easy cleaning thanks to dishwasher-safe parts

## Set the beverages to suit your taste

- Save your favourite coffee length and strength

## Set the beverages to suit your taste

- Avoid heat loss and fit every cup with our adjustable spout
- Play with the coffee's richness with our adjustable grinders

 **Saeco**

# Highlights

## 100% ceramic grinders

This espresso machine is equipped with 100% ceramic grinders. Saeco uses ceramic grinders because of their consistent grind without overheating the coffee bean, for an impeccable espresso. Ceramic also ensures long-lasting performance and totally silent operation.

## Quick-heat boiler

The Saeco quick-heat boiler technology ensures your machine is always ready. Now you won't have to wait between brewing each espresso, but can prepare coffee after coffee.

## Classic milk frother

This Saeco espresso machine comes with the classic milk frother, which baristas call

"Pannarello". It dispenses steam and needs to be immersed in the milk to prepare gorgeous milk foam. Unleash your inner barista by preparing your delicious milk specialities the traditional way!

## Saves coffee length and strength

You will always get a perfect cup of espresso brewed according to your personal preference thanks to our memo function, which allows you to adjust the coffee length and strength to suit your taste. Enjoy a superb coffee drink in your favourite cup at the touch of a button.

## Adjustable spout

The adjustable spout on our espresso machines will fit every cup and thus prevent the coffee splashing or cooling down while being poured into your cup. This way your espresso is always served at the right temperature, while the machine is kept clean.

## Dishwasher-safe parts

For your convenience, you can put the Saeco's drip tray and milk frother or milk carafe in the dishwasher. This will save time and ensure a hygienic clean.

## 5-step adjustable grinders

Different coffee blends require different levels of granularity for the full flavour to unfold. The grind granularity of this espresso machine can be adjusted in 5 settings, from the finest grind, for a full-bodied espresso, to the coarsest, for a lighter café crème.

# Specifications

## Easy to use

- Usage: Adjustable coffee dispenser, Cup-holding surface, Rapid steam, Removable brewing group, Normal/long espresso option
- Cleaning and maintenance: Automatic coffee circuit rinse, Descaling cycle

## Weight and dimensions

- Product dimensions (L x D x H): 256 x 340 x 440 mm
- Coffee bean capacity: 300 g
- Product weight: 8.9 kg
- Waste container capacity: 10 serv
