Want to dry your hair like the professionals? The SalonPro – with 2100W of superior drying power – is the hairdryer you need if you're looking to recreate that salon style blow dry.

Easy to use

- Easy storage hook for convenient storage

Beautifully styled hair

- Narrow concentrator for focused airflow
- Professional 2100W for perfect salon results

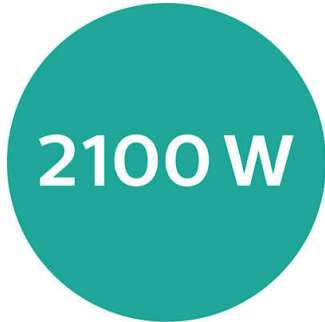

Less Hair Damage

- Ceramic element to smooth your hair

PHILIPS

Highlights

Professional 2100W

This 2100W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Narrow concentrator

The concentrator of the hair dryer works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch ups or to finish a hair style.

Ceramic element

The ceramic element is included to prevent overdrying. It issues infrared heat, which has a gentle warmth which helps dries your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.
