- Classic milk frother for a tasty Cappuccino

### **Tradizione...**

- Boiler temperature gauge for full control

### **Easy to clean and maintain**

- Descaling alarm for longer product lifetime

**GAGGIA**  
MILANO

## HIGHLIGHTS

### Classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called a "Pannarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato and more. It also delivers hot water for tea.

### Coffee-pod compatible

Our Gaggia manual machines come with a coffee filter for 1 or 2 cups of ground coffee, and a special filter for "ESE" (easy-serve Espresso) pods. These ESE pods are perfectly portioned and make it easier to operate a manual Espresso machine.

### Descaling alarm

Your Gaggia machine will indicate when a descale cycle becomes necessary. Descaling will prolong the lifetime of your Espresso machine significantly and should only be completed with the original Gaggia descaler.

### Frontal water tank extraction

Frontal water tank extraction

### Double-walled crema filter

Double-walled pressurised crema filter

### Preheating cycle

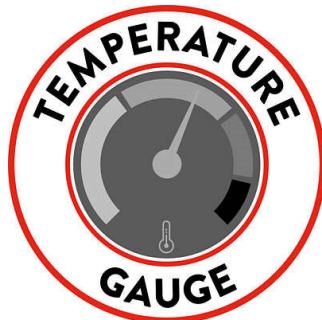

Preheating cycle for higher temperature in your cup

### Pre-brewing system

Pre-brewing for even more enjoyment. Thanks to the Pre-brewing Technology, the coffee grounds are moistened before the actual brewing process – ensuring that the aroma unfolds even better.

### Boiler temperature gauge

The Gaggia boiler temperature gauge allows professional monitoring of the water temperature in the boiler so you always get the best result in the cup.

### Features

- Brita Filter compatible
- Hot water/Steam Nozzle
- Interface: Direct buttons
- Cup holder
- Simultaneous brewing
- Suitable for pods

### Technical data

- Power: 1900 W
- Boiler: Stainless steel
- Voltage: 230 V
- Pump Pressure: 15 Bar
- Frequency: 50 Hz

### Technical specifications

- Supported coffee types: Coffee pods, Ground coffee

### Design

- Colour: ink black
- Materials and finishing: abs+S/S

### Weight and dimensions

- Product weight: 4 kg
- Product dimensions (L x D x H): 210 x 300 x 280 mm
- Maximum cup height: 90 mm
- Water tank capacity: 1.4 L

### Service

- 2-year worldwide guarantee
