### **Set the beverages to suit your taste**

- Save your favourite coffee settings
- Avoid heat loss and fit every cup with our adjustable spout
- Play with the coffee's richness with our adjustable grinders

 **Saeco**

# Highlights

## Stainless steel

The cutting-edge design of your Saeco espresso machine is rounded off by the stainless steel finish. The stainless steel provides a high-quality look and will be a highlight on your kitchen counter tops. It also gives greater resistance for a long-lasting performance.

## 100% ceramic grinders

This espresso machine is equipped with 100% ceramic grinders. Saeco uses ceramic grinders because of their consistent grind without overheating the coffee bean, for an impeccable espresso. Ceramic also ensures long-lasting performance and totally silent operation.

## Quick-heat boiler

The Saeco quick-heat boiler technology ensures your machine is always ready. Now you won't have to wait between brewing each espresso, but can prepare coffee after coffee.

## Classic milk frother

This Saeco espresso machine comes with the classic milk frother, which baristas call "Pannarello". It dispenses steam and needs to be immersed in the milk to prepare gorgeous milk foam. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

## Saves your coffee settings

You will always get a perfect cup of espresso brewed just for you, according to your

personal preference, thanks to our innovative memo function for adjusting the coffee length, strength and temperature. Enjoy a superb coffee drink in your favourite cup at the touch of a button.

## Adjustable spout

The adjustable spout on our espresso machines will fit every cup and thus prevent the coffee splashing or cooling down while being poured into your cup. This way your espresso is always served at the right temperature, while the machine is kept clean.

## Dishwasher-safe parts

For your convenience, you can put the Saeco's drip tray and milk frother or milk carafe in the dishwasher. This will save time and ensure a hygienic clean.

# Specifications

## Easy to use

- Usage: Adjustable coffee dispenser, Bypass for grinded coffee, Frontal access to all functions, Rapid steam, Removable brewing group, Removable water tank
- Cleaning and maintenance: Automatic coffee circuit rinse

## Weight and dimensions

- Product dimensions (L x D x H): 256 x 315 x 415 mm
- Coffee bean capacity: 250 g
- Product weight: 8.9 kg
- Waste container capacity: 8 serv
- Maximum cup height: 110 mm
- Water tank capacity: 1.2 L
