

Philips Viva Collection
Airfryer

TurboStar

Low fat fryer
Black, 1425 W, 0.8 kg

HD9621/11

Great-tasting chips with up to 80% less fat*

Thanks to patented TurboStar technology

With Philips' unique TurboStar technology you can fry food using minimal oil and prepare delicious and evenly cooked dishes. There's no need for preheating, and with the new compact design you can still cook a large amount of food.

Fast, easy and time efficient

- Detachable parts - dishwasher-safe
- Easily cleaned in 90 secs — QuickClean basket with non-stick mesh
- Tasty food in less time: no preheating required
- Fry, bake, grill and roast your favourite foods at home

Healthy and tasty results every time

- Delicious dishes: tender on the inside, crispy on the outside
- Over 200 recipes in app and free recipe book included
- Up to 50% more homogenous end results — TurboStar technology*
- Unique TurboStar technology for healthier frying

Thoughtfully designed

- Large 0.8-kg capacity, 20% more compact*
- Universal EasyClick handle — easily exchange accessories

PHILIPS

Highlights

Crispy and tender results

Thanks to Philips TurboStar technology, all food is exposed to this constant, circulating heat and is cooked through simultaneously. The result is evenly fried food with no turning needed, even when food is piled up. In addition to the heated air flow, powerful direct heat from above quickly crisps the food for delicious, golden-brown results. Crispy on the outside, tender on the inside.

Inspiring recipes

The Philips Airfryer app is free and filled with delicious recipes and easy-to-follow step-by-step cooking instructions. Get inspired with quick, healthy snacks or meals for special occasions.

Instant heat-up

The Philips Airfryer is ready to use immediately. Inherently faster from start to finish, it drives everyday usage with its superiority throughout the cooking process.

QuickClean basket

With Philips' Airfryer QuickClean basket, which includes a removable non-stick mesh, cleaning becomes easier and faster. The removable non-stick coated drawer and the food basket are dishwasher safe for easy cleaning. Philips Airfryer with TurboStar technology saves you and your home from the smell of fried oil compared to a standard fryer.

Small in size, big in capacity

The new Airfryer has been designed with compactness in mind (20% smaller), but is still

able to cook a large amount of food (800 g). With its reduced size, it blends in perfectly on the kitchen worktop and serves delicious meals for the whole family. Its well-considered size enables everyday usage and a world of possibilities.

Dishwasher-safe parts

The removable non-stick coated drawer and the food basket are dishwasher-safe for easy cleaning. The Philips Airfryer with TurboStar Technology saves you and your home from the smell of fried oil compared to a standard fryer.

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Fat Removal technology also lets you grill, bake and even roast your favourite dishes for a one-stop solution for all of your meals.
