Highlights

PostureProtect handle

The patented PostureProtect handle offers you a 4 x better body posture: it helps to prevent bending while cleaning; it supports keeping your wrist in a comfortable position; both handles make manoeuvring easy; and you can regulate the vacuum cleaner with fingertip controls.

Fingertip controls

Via the buttons in the handle you can easily operate your vacuum cleaner — without bending!

Rotating hose connection

This hose has a pivoting connection to the handle and therefore allows for easier manoeuvring and less wrist strain.

Outstanding cleaning power

Very efficient 2000 Watt motor, generating a suction power of max. 375 Watt.

Filter-cleaning system

Effortlessly maintain optimal suction power by unclogging the filter without touching the dust.

Exceptionally silent

The sound level of this product is very low within its category.
