Superior aroma

- Aroma jug
- Boil & Brew system for ultimate aroma and taste

Ultimate Convenience

- Cable storage
- Dishwasher-proof parts for easy and convenient cleaning
- Drip stop
- Automatic shut-off after 1 hour

PHILIPS

Highlights

Boil & Brew

The Philips coffeemaker has a unique Boil & Brew system. Water is boiled first and then flows through ground coffee. Thanks to high brewing temperature reaching 93°C or higher, this ensures the richest flavor and superior aroma for your filter coffee.

Aroma jug

For 8-12 cups, designed to optimally preserve the coffee flavour.

Drip Stop

Drip stop to interrupt brewing whenever you want to pour a cup of coffee

Auto shut-off after 1 hour

1 hour after brewing coffee, the coffee machine will shut-off automatically and save energy.

Cord storage

Storing the cable under the coffeemaker will avoid cable clutter for a clean kitchen work top.

Dishwasher-proof parts

Dishwasher-proof parts for easy and convenient cleaning.
