- Swing filter holder for easy filling of coffee
- Detachable water tank for easy filling
- Cable storage for easy placement in your kitchen

PHILIPS

Highlights

1.400 Watt

The high-speed pump of your Philips coffee machine will prepare your coffee faster with the optimal coffee aroma.

Strength select

Adjust the intensity of your coffee from mild, medium or intense coffee.

Decalcification indicator

The Philips coffee machine will remind you when to descale your appliance. Regular descaling ensures the best taste of your coffee and prevents lime scale from tap water.

Drip stop

The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

Direct automatic shut-off

Auto-off

After brewing your coffee, the coffeemaker switches off automatically for energy saving and safety. The thermal jug will ensure that the coffee stays hot.

Detachable water tank

The water tank is detachable, which makes it easy to fill water or clean the water tank.

Swing filter holder

The filter holder is opened by swinging it to the side, which makes the filling of coffee easy. The

filter holder is also detachable, for easy cleaning.

Cable storage

Spare cable can be stored in the cable compartment under the coffee maker. It enables placing the coffee maker nicely in your kitchen.

Insulated Jug

The unbreakable stainless steel insulated jug of this Philips coffee machine maintains perfect temperature and aroma for hours.
