

## Ultra-sensitive cleaning. Ultra-soft comfort.

### Superior cleaning for sensitive teeth and gums

The Philips Sonicare S Sensitive toothbrush head is perfect for those who seek relief from painfully sensitive teeth and gums. You'll get an effective clean that's easy on your gums.

#### An easy addition to your oral care routine

• Get the most effective plaque removal, every day

#### **Innovative technology**

- Philips Sonicare's advanced sonic technology
- Innovative bristle design softly sweeps plaque away

#### **Designed to optimize performance**

• Click-on design for simple brush head placement

### An unrivaled deep clean

• Removes more plaque than a manual toothbrush

# Highlights

#### Say goodbye to plaque

Densely-packed, high-quailty bristles are clinically proven to remove more plaque than a manual toothbrush

#### Softly sweeps away plaque

This Philips Sonicare sensitive brush head features ultra-soft bristles for gentle, effective cleaning. And the contoured bristles fit the shape of your teeth, for an ultra-sensitive brushing experience. Also available in smaller, compact size for precision cleaning.

#### Easy to click-on

Your Sensitive brush head fits perfectly with any Philips Sonicare toothbrush handle, except PowerUp Battery and Essence. Simply click on and off for easy replacement and cleaning.

#### Reminder bristles

Brush heads become less effective after 3 months of use, but we'll remind you before this happens. Just monitor your blue replacement bristles, and when they turn white you'll know it's time for a fresh brush head.

#### **Philips Sonicare technology**

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.
