

**Saeco Minuto
Super-automatic
espresso machine**

- Brews 3 coffee varieties
- Classic Milk Frother
- Black
- 5 step adjustable grinder

HD8775/48

Saeco's first machine that brews coffee and espresso.

With the one-click removable brewing group

Only Saeco Minuto delivers the real first bean to cup experience with a dual pressure lever, maximum convenience, top-notch performances and large capacities in extra compact dimensions.

Authentic Italian coffee perfection

- Filter coffee and espresso from one machine

High comfort is part of the experience

- The fully removable brewing group can be cleaned in no time

Advanced technology designed for coffee perfection

- 20,000 cups of finest coffee with durable ceramic grinders
- Fine-tune the coffee's richness with 5 grinder settings

 **Saeco**

Highlights

Saeco's dual pressure lever

Enjoy both coffee and espresso from your favorite whole beans in a single, compact machine thanks to Saeco's new dual pressure lever. Simply turn the dual pressure lever to one side to brew a filter coffee with low water pressure. Or move the lever to the other side and prepare a real Italian espresso with 15 bar water pressure.

5-steps adjustable grinders

When it comes to the fineness of the grind, this machine never fails to satisfy. Different coffee blends require different levels of granularity for the full flavor to unfold. So the grind granularity of this machine has five adjustable settings - from the finest grind for a full-bodied espresso, to the coarsest for a lighter coffee.

Removable brewing group

Efficiency and ease of use were key inspirations when Saeco invented the first brewing group 30 years ago. And to this day, it still proves to be an inspired, resolute piece of technology. As always, it's so simple to clean – just remove it and wash it under the tap for a few seconds, then re-insert it just as easily.

100% Ceramic grinders

Our grinders are made of high-tech ceramic: exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating: extracting all the best flavors and aroma, delivering a superior coffee taste for at least 20,000 cups.

Specifications

Variety

- Beverages: Espresso
- Coffee Switch

Technical specifications

- Voltage: 120 V
- Cord length: 80 cm
- Country of origin: Made in Europe
- Brewing time one cup: 45 (espresso) to 100 (long coffee) s
- Frequency: 60 Hz
- Capacity water tank: 1.8 L
- Capacity waste container: 15 servings
- Coffee bean capacity: 250 g
- Max. cup height: 152 mm
- Filter compatibility: Brita Intenza
- Water boilers: 1
- Color & Finishing: Black
- Product dimensions: 215 x 429 x 330 mm

Weight and dimensions

- Weight incl. packaging: 7.5 kg

General specifications

- Suitable for: Whole coffee beans, ground coffee powder
- Cups at the same time: 2
- Milk Solution: Classic Milk Frother
- Coffee strength settings: 5
- Customizing per drink: Adjustable temperature, Adjustable coffee strength, Adjustable cup volume
- Grinder settings: 5
- One touch variety: 7
- Temperature settings: 3
- Type of boiler: Quick heat boiler
- Type of display: LCD
- Coffee drinks: Espresso, Café Crème

Finishing

- Material boiler: Stainless steel (Inox)
- Material drip tray: Stainless steel
- Material water tank: Plastic
- Material panarello: Plastic

Service

- 1-year guarantee

Sustainability

- Power consumption brewing: 1400 W
