Highlights

Beard and moustache comb

The beard and moustache comb fits over the full-sized trimmer, and has 9 different length settings – so you can keep your beard at the length you prefer.

Built to last

All of our grooming products are built to last. They come with a 2-year worldwide guarantee and worldwide voltage compatibility, and they never need to be oiled.

Charging stand and pouch

The foldable charging stand is designed to fit into even the smallest spaces, so you can charge it wherever you want and easily take it with you when you travel. The pouch protects your shaver during travel and gives you a convenient place to store it when not in use.

Full-sized trimmer

Use the full-sized trimmer for touch-ups, and to create clean lines at the edge of your beard. You can also use it without a comb for a 3-day beard look.

Hair-trimming comb

The hair-trimming comb fits over the extra-wide clipper and has 9 different length settings you can use to keep your hair neat and styled between haircuts.

Mini shaver

Use the mini shaver after trimming the edges of your beard for a close, clean, finished look.

Nose trimmer

Use the nose trimmer on nose, ears and eyebrows to remove unwanted hairs.

Precision trimmer

Use the precision trimmer to create the fine lines and details that define your style.

Rechargeable

The battery lasts for 35 minutes after 10 hours charging. A quick 10 minute charge gives you 10 minutes of grooming time, so it's always ready when you are.

Skin-friendly high-performance

The steel blades of the electric shaver lightly brush against each other, so they sharpen themselves as you trim! The blades stay extra-sharp to always cut hairs neatly and effectively, but have rounded blade tips and combs to prevent skin irritation.

Washable attachments

Simply remove the attachments, and you can thoroughly rinse them under the tap.
